# CORPORATE PARTNERSHIP PACKET

2025-2026

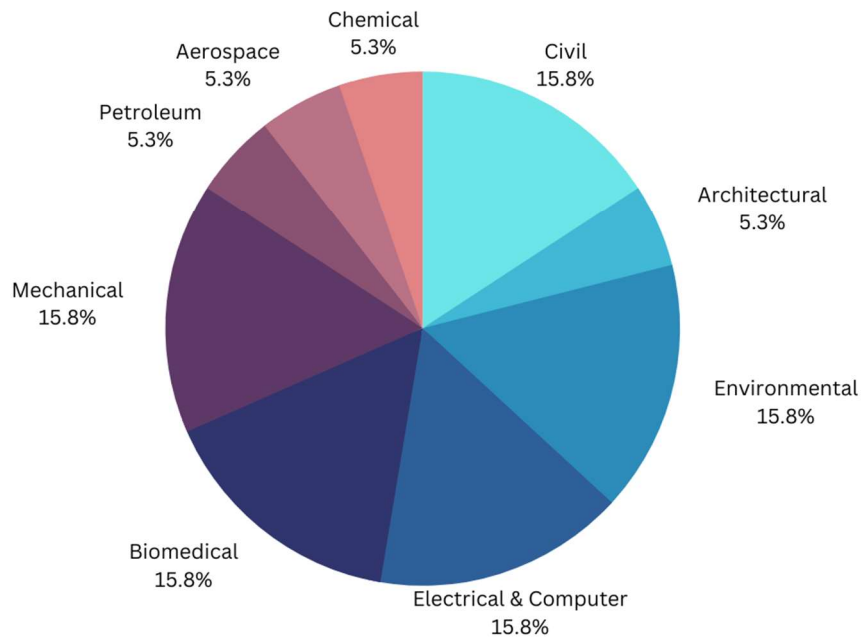

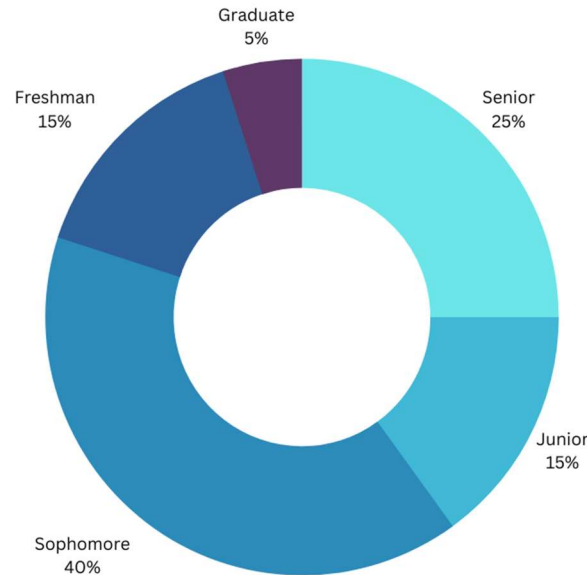

By not catering to one specific demographic, Pi creates an opportunity for individuals of all characters and backgrounds to come together in community. Whether it be that someone doesn't want to be individualized into a single identity or wants to meet others with different experiences, Pi is the space to grow and connect beyond the classroom.

## ANNUAL EVENTS

For more information on each event and your potential involvement, please go to our [corporate site](#) and our [calendar](#).

At this time, events for fall and spring are being planned in person. However, virtual events will be an option, if preferred.
